## SoftCOM 2009

September 24 – 26, 2009 Split - Hvar - Korčula

### Symposium on MOBILE WIRELESS NETWORKS

**Symposium Chair: Mario DeBlasi**  
University of Salento, Italy ([mario.deblasi@unile.it](mailto:mario.deblasi@unile.it))

### Call for Papers

Symposium on "Mobile Wireless Networks" in the frame of the 17th International Conference on Software, Telecommunications and Computer Networks (SoftCOM 2009), technically co-sponsored by the IEEE Communication Society (ComSoc), will be held aboard the cruising ship "Dubrovnik" September 24 to 26, visiting Split and Dubrovnik.

The main goal of this symposium is to present and discuss recent advances in the area of the wireless networking technologies. Particular attention will be focused on the main challenges for the next future related to the development of integrated networks supporting new multimedia services. In fact, a deep integration of several heterogeneous networks will play a very important role.

Accepted papers will be published in the conference proceedings, and authors of selected best papers will be invited to submit an extended version of their manuscripts for publication in a special issue of the Journal of Communications Software and Systems (JCOMSS).

We cordially invite speakers who wish to present original papers on the following subjects, but not limited to these, associated with the following topics:

- Ad Hoc Wireless Networks
- Vehicular Networks
- Intelligent Transportation Systems (ITS)
- Security for mobile wireless systems
- Mobile Internet
- TCP over Wireless
- Satellite networks
- Wireless LAN and MAN
- Handoff
- Mobility management
- QoS in mobile wireless networks
- Interoperability between heterogeneous Wireless Networks
- Services and Applications for Wireless Communications
